Literacy

Week 6

Cautious Caterpillar

Remember a few weeks it will be the Summer holidays and when you come back to school you will be in Year 1. We are going to start thinking about our move from Reception class to Year 1.

Not everyone completed last weeks work so I have uploaded it again so you can complete it this week. Please do sent pictures because I would like to share these with your class teacher in year 1 so she knows a little more about you!

(If you have completed all the Literacy from last week I have saved a handwriting booklet for you to practice lovely handwriting with- you can get creative and do it in all different colours or pens to make it look beautiful!)

There are all different writing activities about moving to year 1. It is really important that you talk to adults about it all and think about your time in Reception and how it will be in Year 1. You can also contact me, Miss Bell, over Edmodo if you have any worries or questions.

For Monday just listen to the story and spend some time talking about it to an adult. Talk about what the caterpillar was cautious about? What made them feel better?
