

Can you help us?

Do you or your family speak another language other than English? If you do, could you please tell us how you would say and write different farm animals names in your language. We would like to make a class display of how to say animals names in other languages.

Cow, Sheep, Horse, Duck, Chicken, Dog, Cat, Goose. Pig

Dear Nursery Parents/Carers

Welcome back to school, we are so excited to have all the children returning to school on the 8th March. This newsletter gives you some information about what they will be learning over the coming weeks.

Literacy and reading

We will be continuing to change reading books every Tuesday and Friday so please make sure that your child's reading book is inside their book bag.

We would also like to encourage families to write a comment about your child's reading in their reading journal such as how you child found the book, or what part they found interesting.

This half term we will be continuing with phase 1 phonics and moving into Phase 2 of our phonics programme towards the end of term. reinforcing the learning of the sounds you can find below. These sounds are;
s, a, t, p, i, n

Please encourage your child to practice their sounds at home each week.

We are starting a new topic, 'Farm Animals'. We will be learning about all things farm related and the different types of farms there are including animals and crops for food.

We will be reading stories about farm animals and also going on virtual tours of a variety of farms for further information.

We will be making classroom displays about all the different farm related activities we do and our imagination room is a Farm with a Farm Shop and Café where the children can take on different roles and re-enact what they are learning about.

We are looking forward to a great half term and thank you all for your continuing support!

Farm Animals

Maths

This half term we are going to be focusing on;

- How to separate a group of objects in different ways with the total amount staying the same,
- To know that numbers identify how many objects are in a set,
- To know that a group of things changes in quantity when something is added or taken away.
- Experimenting with capacity.
- Beginning to talk about the shapes of everyday objects

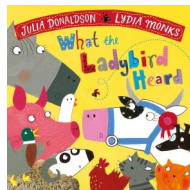

Literacy

First up this half term our topic

book is '**What the Ladybird Heard**' by Julia Donaldson

followed by '**The Very Hungry Caterpillar**' by Eric Carl. We

will be reading these stories everyday and basing lots of activities around them. Our focus on reading this half term is to fill in the missing words or phrase in a known rhyme, story or game. We will be learning new words and actions to go with these books. We will also be drawing a story map which visually reinforces the series of events in the book so that the children can recall what the story was about.

In writing this half term we are focusing on using anticlockwise movement and retrace vertical lines, giving meaning to marks as we draw and paint and ascribes meanings to marks that we see in different places. It would be great if you could work towards this at home through encouraging plenty of drawing and writing.

A Few reminders

- With the weather still being colder at times we please ask that you bring appropriate clothing for your children to wear outside. Also multiple changes of labelled clothes to be left on their hook outside in case they have an accident or need changing. These can be left on their peg for the week and be collected on a Friday.
- Please **name** all clothing **clearly**. Though we do our best to keep track, it is the children's responsibility to look after their clothing. We encourage them to put anything they don't want straight into their bag or drawer, however this does not always happen in which case named clothing makes all the difference. Any unclaimed clothing on a Friday afternoon will be taken over to the main office for the Lost Property.
- This term we are continuing to focus on developing the children's independence. We would appreciate it if you could encourage your child to put their own coat, do zippers up, put on their jumper, scarf and shoes on. As this will help their with their sense of independence especially moving forward into reception after summer.

WOW moment

This half term we will be handing out WOW cards for you to fill in with information about the amazing work your child does outside of nursery. We would like to invite you to fill these in and bring them into school. We will be celebrating their achievement in class and the children will be invited to stand up as we read their WOW moments out loud to their nursery friends.
